2023 Canadian Women's Heart Health Summit

Speaker Details

Louise Cholock, RN, MN
Woman with lived experience
Bedford, NS

Biography

Hi, my name is Louise Cholock RN MN, and I am a Registered Nurse as well as a survivor of two cardiac events (NSTEMIs). Almost my entire career has been made up of various roles in a community health setting working with Indigenous clients, communities, and organizations.

Since my retirement I have been looking for a volunteer experience where I can meld both my professional experiences as well as my real-life learnings from my experiences with the health care system and volunteering for the Alliance is one way for me to accomplish this.
