#### Biography

I am currently the Manager of the Cardiosciences Outpatient Services in Saskatoon, where we will soon be launching our Women's Heart Health Clinic. I have been a practicing nurse for over 18 years, in multiple areas including critical care, cath lab, and cardiology. Presently I am working on my Master of Nursing at the University of Saskatchewan with a focus in leadership. I am passionate about women's heart health, and bringing the best care to the women of Saskatchewan, as well as nursing research within this area.
