Biography

Dr. Michele de Margerie works in the Division of Prevention and Rehabilitation and is Director of Francoforme Program at the University of Ottawa Heart Institute. She is also Assistant Professor in the Department of Family Medicine at the University of Ottawa.

Dr. de Margerie studied dietetics at Laval University in Quebec City before earning her MD at Sherbrooke University, in Sherbrooke, Quebec. She completed her Family Medicine training at McGill University in Montreal. Dr. de Margerie was a clinical associate professor at Brown University in Providence, Rhode Island. She implemented and led a tobacco prevention program in her community. She was a visiting clinician at Sart Tilman University Hospital in Liège, Belgium, where her research focused on metabolic diseases and the interactions of obesity, diabetes and diet. She is the recipient of the Canadian and American College of Family Practice Certificates. Dr. de Margerie works at the Minto Prevention and Rehabilitation Centre and has an outpatient practice in Barrhaven, Ontario.
