Ottawa, ON

Biography

Dr. Stephanie Prince Ware is a CIHR-Health Systems Impact Fellow working at the Centre for Surveillance and Applied Research at the Public Health Agency of Canada and the Division of Cardiac Prevention and Rehabilitation at the University of Ottawa Heart Institute (UOHI). She has a BSc in Human Kinetics from the University of Ottawa, a MSc in Epidemiology from Queen's University, and a PhD in Population Health from the University of Ottawa. Dr. Prince Ware's research interests include the role of physical activity and sedentary behaviour in cardiovascular disease prevention and rehabilitation, measurement and determinants of health behaviours, health behaviour interventions, and women's health. Stephanie was previously awarded a CIHR Fellowship, a Heart and Stroke Foundation Fellowship, a UOHI Strategic Research Endowed Fellowship, and in 2015 was the Cardiovascular Research Trainee of the Year at UOHI.
